# Profile

satisfied with our services & Products.

Steam Point Boilers and heaters Private Limited was established in the year 2011. We are one of the prominent traders, suppliers, service providers and retailers of a wide range of Thermic Fluid Heaters, Hot Water / Hot Air Generators, Boilers & Burners. Our range of products includes IBR Steam Boilers, Non IBR Steam Boiler, Thermic Fluid Heating Systems, Thermic Fluid Heaters-Solid/Oil/Gas Fired, Hot Water Generators, Heat Transfer and Flushing Fluids, Boiler Accessories, Industrial Burners and Used & Old Boilers & Heaters. Our mentor, Mr. S. K. Chhabra has vast industrial experience and ability to understand the needs of the clients. With his coordination we provide excellent service to our clients. Our clients are very much

# **IBR STEAM BOILERS**

IBR (Indian Boiler Regulations) Steam Boilers are widely used in various industries like chemical, rubber, cosmetics, and solvent extraction, food, rice and oil mills for various applications. This boiler can be provided as per clients' specifications under certain pressure and temperature.

### THERMIC FLUID HEATER - SOLID FUEL FIRED

We offer a wide range of Thermic Fluid Heater - Solid Fuel Fired such as thermic fluid heater-solid fuel fired thermic fluid heater and many more. These systems are used to heat up the thermic fluid and offers high reliability under extreme pressure conditions and find wide application for indirect process heating applications.

# THERMIC FLUID HEATER - OIL GAS FIRED

Our clients can avail from us high quality range of Thermic Fluid Heater-Oil/Gas Fired at market leading prices. We offer different types of heaters such as thermic heater-gas oil/ fired burner, thermic heater- gas oil heater, hazardous zone thermic heater and many more.
